

ATS 4 LED Heavy-duty Keypad (Supplied in kit)

ATS1155

ATS 4 LED Heavy-duty keypad (supplied in kit)

The ATS 1155 is mounted in a steel housing which is designed to resist weather and vandalism and allows you to arm/disarm or open doors. The keys are engraved stainless steel. The product is targeted for an environment where a vandal-proof user interface is needed. The heavy-duty keypad is flush mounted and the electronics are separated to ensure the maximum resistance against vandalism. The LED indicators are separately from the keypad, allowing them to be mounted in a secure environment.

Specifications

Supply voltage	10.5 - 13.8 VDC
