

INT-S-BL

PARTITION KEYPAD

INTEGRA expansion modules are the very important part of SATEL products portfolio. They can be used to expand the functionality of the panels, and to adjust the system to individual needs. Apart from zones and output expansion, they enable additional features such as e.g. access control.

FEATURES

- controls single partition in the system
- keypad hold-down PANIC, FIRE and AUX alarms
- LEDs for partition state indication
- buzzer for acoustic signaling
- access control features
- relay for electromagnetic lock/electric strike
- door control input

TECHNICAL SPECIFICATION

Nominal supply voltage ($\pm 15\%$)	12 V DC
Maximum current consumption	66 mA
Average current consumption	24 mA
Maximum voltage switched over by relay	24 V
Maximum current switched over by relay	2 A
Environmental class	II
Operating temperature range	-10°C...+55°C
Dimensions (length x height x width)	80 x 127 x 24 mm
Weight	110 g
